

# PROTECT TUALATIN PARKS

## Vote Yes on 34-186 Protect Tualatin Parks

Protect Tualatin Parks , an all-volunteer, grassroots organization, is asking you to vote **YES** on **Measure 34-186** to protect your parks. Ballots will arrive in mid-February, and in early March, we will all be given the unique opportunity to approve this amendment to the City's Charter. Once and for all, we can get rid of the threat of planned projects that would harm our parks and our neighborhoods. At long last, citizens will be kept informed about, and involved with, the decision making processes relating to major change to our parklands. Only then will we be able to rest assured that that our city's natural resources are safe for now and for future generations.

Special interest opponents to **Measure 34-186** will try to convince you that this check and balance measure is not necessary. Please don't be fooled by their smoke screens and disinformation. It is necessary. As residents, we know our parks are an important part of our lives. We must have the right to vote on issues that affect our parks, our community, our neighborhoods, our families and our property values.

**It is within our  
power to make  
this change**

**Please vote**

**YES on 34-186**
